

# MEDICINE

**Advisors:** Jeff Anderson, Manuel Campos, Henry Jakubowski, David Mitchell

Medical schools consider majors in any discipline to be acceptable for admission. Prerequisites are one year of introductory biology, general and organic chemistry, and physics.

Admission to medical schools is competitive and the admission process considers courses, grades, performance on the Medical College Admission Test (MCAT), service record, medical exposure, personal interviews at the medical schools during the senior year, and letters of evaluation. General information can be found in the CSB/SJU Pre-professional health programs web page (<http://www.csbsju.edu/pre-professional-health/pre-medicine>) as well as the American Association of Medical Colleges web site (<http://www.aamc.org/>) and American Association of the Colleges of Osteopathic Medicine (<http://www.aacom.org>).

CSB/SJU courses that meet general admissions requirements and prepare students for the MCAT are:

Code	Title	Hours
BIOL 101	Foundations of Biology	4
BIOL 201	Intermediate Cell Biology and Genetics	4
BIOL 317	Biochemistry	4
CHEM 125	Introduction to Chemical Structure and Properties	4
CHEM 250	Reactions of Nucleophiles and Electrophiles (Reactivity 1)	4
CHEM 251	Intermediate Reactions of Nucleophiles and Electrophiles (Reactivity 2)	4
CHEM 255	Macroscopic Chemical Analysis	4
CHEM 201	Purification and Separation Lab I	1
CHEM 202	Purification and Chromatography Lab II	1
CHEM 203	Synthesis Lab	1
CHEM 205	Chemical Measurement Lab	1
Eight credits of physics		8
MATH 124	Probability and Statistical Inference	4

Additional coursework to complete before taking the MCAT exam would include:

Code	Title	Hours
One of the following:		4-8
BIOL 216	Human Physiology	
BIOL 323	Animal Physiology	
BIOL 325 & BIOL 326	Human Anatomy and Physiology I and Human Anatomy and Physiology II	
PSYC 111	Introductory Psychology	4
SOCI 111	Introduction to Sociology	4

Coursework in upper division literature and courses with intensive writing components are also typically required by most allopathic and osteopathic medical schools.

## Additional Requirements:

### General Education Requirements:

All undergraduate students must complete the requirements of the Integrations Curriculum (IC) which is designed to ensure all of our students receive a liberal arts education. Please review details of the Integrations Curriculum (<https://catalog.csbsju.edu/catalog/academic-programs-policies-regulations/integrations-curriculum/>) requirements here (<https://catalog.csbsju.edu/catalog/academic-programs-policies-regulations/integrations-curriculum/>).

### Graduation Requirements:

In addition to the Integrations Curriculum, all undergraduate students must meet the following minimum degree requirements to earn their degree from CSB and SJU.

**Credits:** 124 total credits, 40 of which must be from upper division coursework

**GPA:** 2.0 or higher\*

**Residency:** At least 24 of your last 32 credits must be completed at CSB/SJU

Please visit Graduation (<https://catalog.csbsju.edu/catalog/academic-programs-policies-regulations/graduation/>) under the Academic Policies and Regulations (<https://catalog.csbsju.edu/catalog/academic-programs-policies-regulations/>) portion of the catalog for additional details regarding degree requirements.

\* Cumulative GPA as well as major(s)/minor(s) GPA. Please note some majors/minors may require a higher GPA to earn their degree.
