

COURSES WITH RESERVED SEATS

Registering for Courses with Reserved Seats

During registration, if a student encounters a "Reserve Closed" error, this means that any remaining available seats are reserved for a group of students in a particular cohort or major, etc. and the class is otherwise full. Students should register for a different section or class in order to reserve a complete course schedule at the time of registration. .

- 1. If you are in the group of students that the seats are being reserved for but cannot register for the section, please contact registration@csbsju.edu. (registration@csbsju.edu)
- 2. If the seats are reserved for overrides and you believe that this is necessary for staying on track for graduation, please fill in an override form (<https://apps.csbsju.edu/registrar/forms/override/>).
- 3. If you want to take this course and do not fall into either of those categories, please try again on the day that the reserved seats expire.

Reserved Seats information coming soon.
